www.pharmaceuticaldaily.com

PD is an independent web portal since 2015, which publishes original articles about daily achievements and events in pharmaceutical industry, such are clinical testing results, drug approvals or recalls. PD gets fresh press releases from PR representing pharma and biotech companies across the world, and researches the news at original sources.

Who is interested?

Our readers come from overall healthcare industry, also stock market traders. Pharmaceutical procurement sector is interested in collaborating with us (for example, producer of clinical research equipment, Olympus, or companies that attend procurement fairs, or pharmapackaging events.)
